

GEBOPRESS PRESSFITTINGS –

MADE OF STAINLESS STEEL - 316L

APPLICABLE FIELDS:

Hot/cold drinking water, heating Systems,
Compressed air

PROFILE:

M Contour

MATERIAL:

Stainless steel (316L)

SEALING:

EPDM

MEDIA:

Water, compressed air

PRESSURE:

For water 16 bar,

TEMPERATURE:

For water -18 °C to 110 °C

CONNECTION STANDARD:

For stainless steel tubes in compliance
with EN10312 (series 1 or series 2)

CERTIFICATION:

DVGW Certificate for drinkingwater
applications for 15-108 mm
